

No card. No problem, we are a proven leader in the business of card-not-present transactions. And our client list boasts some of the largest volume direct marketers in the industry. Our formula for success includes a customized approach to customer support and account development. And is backed by a powerful processing network that integrates easily with our clients and their applications.

Why you should choose us for your Direct Marketing Business?

- Our track record for success with some of the largest Direct Marketers in the industry. Including years of e-commerce experience.
- Our redundant, efficient and secure network operations is the envy of our competitors.
- You can easily reconcile your books on a daily basis with our complete online detailed reporting.
- We constantly scan the digital horizon and adopt the appropriate cutting-edge technology.
- With our flexible payment plans you can offer your customers, installment, recurring and deferred payments.
- Our electronic check guarantee authorization service, prevents lost revenues and returned checks.
- You get instant access to reliable e-commerce gateways and applications.
- An unparalleled level of customer service, professionally trained and certified representatives, and a dedicated account manager assigned to your account.

“Our formula for success includes a customized approach to customer support and account development.”

The Right Processing Solution for You.

- Catalog
- Online Services
- Infomercial
- Utilities
- Direct Mail
- Internet Service Providers

Maybe you're a traditional catalog business, or an online merchant. Or a direct marketer that needs a partner familiar with the complexities of international currencies? How about a utility that's concerned with handling recurring payments.

Leave it to us.

We have the products and experience necessary to ensure your company's success.

providing commerce solutions for the digital age
